5. Oxfordshire Market Towns Funding

NE reported that the Oxfordshire Market Towns Network had reviewed applications from Faringdon, Wantage and Thame and Faringdon had an 'in principle' recommendation for 3 projects in respect of the Small Rural Towns Programme.

Those parts of the proposals that the OMT Network wished to see supported were: The Folly Tower, Skate Park and the Community Bus. These projects should now be progressed and Faringdon JEF should now think about reviewing and strengthening their Operational Delivery Proposal (Form 2). Once this – forms 2 and 2b - has been re-submitted, then the projects will be subject to formal appraisal with assessors visiting the towns. This will be arranged when the JEF indicate readiness to proceed (most likely sometime between February and April). This formal appraisal is done by assessors from other counties in the South East. This will be organised by Sue Scott who will let us know the format in due course.

NE advised that the JEF may consider appealing against the projects that were unsuccessful.

XX proposed that we concentrate on progressing the projects that the OMTN wish to support. This was seconded by RW?. It was resolved that the JEF concentrate on strengthening the Operational Delivery Proposal (Form 2) and in getting ready for the appraisal by external assessors.

NE to meet with Sue Scott and TG on 1st February.

We discussed the need to explore where liability would lie as regards to the ongoing maintenance and insurance costs associated with the Skate Park.

6. Progress Report on Faringdon Area Project

DS gave an update on the FAP. Faringdon eco-week project won the prestigious National Market Towns Award on Tuesday October 13 at the Action for Market Towns Convention in Melton Mowbray, Leicestershire. Faringdon eco-week was presented by Sjoerd Vogt and the FAP have received congratulations from SEEDA.

Following Faringdon's national win, the FAP has been invited to host the 2010 regional awards presentation 'Celebrating Success in the South East.' This would allow other town partnerships to benefit from Faringdon's experience. As a host Faringdon would provide a venue for up to 40 delegates from 9am to 4pm, provide catering for tea coffee and a sandwich lunch, provide a speaker for the day and 2 greeters / stewards and a one hour study tour of the project / town centre. AMT can contribute £500 towards the costs. We discussed the possibility of putting a bid into the JEF / Town Council to match fund the £500 contribution from AMT. We discussed the possibility of using the Jubilee Room in the Pump Rooms. ST would check venue capacity of the Pump Rooms. TW agreed to investigate car parking in Faringdon for the event. NE agreed to ask Sjoerd Vogt if this event could tie in with eco week (12th to 19th June 2010). MW and DS are to choose a suitable date for the Celebrating Success in the South East event.

ST would check venue capacity of the Pump Rooms.

TW agreed to investigate car parking in Faringdon for the event.

TG to add 'news from Abingdon and Wantage' to future Agendas

9. Thriving Economies Fund

TG advised that Faringdon was eligible to submit an application for up to £5,000 for a project that fit with the criteria of the Oxfordshire Towns Thriving Economies Fund. An initial conversation with the project co-ordinator (Philip Newbould) suggested that this funding could be used to help to stage an event in Faringdon – which would have to be either a new event or an event that because of the funding was able to be significantly improved / different. This could also be used to help celebrate the life of Lord Berner given his connections to Faringdon and coinciding with the sixty year anniversary of his death in 2010.

NE proposed that the JEF should submit an application form to the Thriving Economies Fund on for the Faringdon. This was seconded by CD. Committee voted [Agree 7, opposed 0]. The committee resolved that NE and TG should submit and Expression of Interest for the Thriving Economies Fund.

NE/TG to submit an EOI for the Thriving Economies Fund
